

Vivix[®] by Formica Group

Engineered Exterior Façade Panels

10 Year Limited Warranty

Vivix[®] products are manufactured and tested to European Standard EN 438:2005 parts 6 & 7 and provide outstanding levels of colourfastness, UV and weather resistance, durability and cleanability.

All Vivix products are covered by a 10 year limited warranty against colour fade and delamination.

The purchaser of Vivix products is entitled to a ten year warranty on colour fade and delamination subject to the Formica Group European Terms and Conditions of Sale.

Before making a decision to purchase or specify this product you should review all technical information on the product and the 10 Year Limited Warranty document all of which are available on our website, www.formica.com, or on request from your local Formica Group regional office.
